PROFESSIONAL SUMMARY

Visual & Graphic Designer with 1+ year of experience creating high-performing digital and print creatives for 5+ brands. Specialized in AI-assisted design workflows, reducing production time by 30% while maintaining strong brand consistency. Focused on designing marketing-driven visuals that enhance engagement and campaign performance. Experienced in social media creatives, print collateral, and AI-generated visual production.

WORK EXPERIENCE

Visual Designer — Bevis, Coimbatore

April 2025 – Present

- Designed 100+ social media creatives (posts, stories, ad campaigns) for 5+ brands across Instagram, Facebook, and LinkedIn, contributing to campaign performance and audience engagement.
- Created print materials including posters, packaging labels, billboards, stall designs, and marketing collateral for offline campaigns.
- Ensured brand consistency across all deliverables by following guidelines for typography, color, and layout.
- Integrated AI design tools (Adobe Firefly, Seedream, ChatGPT, Gemini) into workflow, reducing turnaround time by 30% while maintaining high-quality outputs.
- Explored and utilized multiple AI tools, mastering image generation prompting to produce high-quality, production-ready visuals.
- Generated AI-based jewellery visuals for e-commerce projects, improving production efficiency and visual quality.
- Applied professional photo retouching techniques to enhance product and campaign visuals.
- Collaborated with marketing and content teams to execute campaigns within deadlines.
- Managed 3–5 concurrent projects in a fast-paced, deadline-driven environment.
